

**REMARKS**

Claims 1-14 and 16-51 are pending in the application. All pending claims have been rejected under 35 USC 103(a) as being unpatentable over Anderson (USP 6,442,600) in view of Smith et al. (USP 6,282,564).

The Anderson reference was filed on January 15, 1999 and was issued on August 27, 2002. Therefore, this reference is being cited as 102(e) art and is thus eligible to be overcome based upon an affidavit or declaration from an inventor pursuant to 37 CFR 1.131. See MPEP Section 715.

Attached to this Response is the Declaration of Sashikanth Chandrasekaran Under 37 C.F.R. Section 1.131 in which Mr. Chandrasekaran attests to the fact that the claimed invention was actually reduced to practice prior to the effective date of the Anderson reference. Photocopied exhibits of records (Design Specification) relating to the conception, development, and reduction to practice of the claimed subject matter is attached to the Declaration.

For at least this reason, it is respectfully submitted that Anderson cannot be used to anticipate or render obvious the claimed subject matter. Therefore, the combination of Anderson and Smith cannot be used to render the pending claims obvious. Moreover, it is respectfully noted that Applicants do not acquiesce in the basis of the rejection, e.g., because there is insufficient motivation to combine the cited references to arrive at the claimed subject matter and that even if a combination is made, the resulting combination does not include all elements of the claimed invention.

**CONCLUSION**

Based on the foregoing, all remaining claims are believed allowable and a Notice of Allowance is respectfully requested. If the Examiner has any questions or comments regarding this amendment, please contact the undersigned at the number listed below.
